ChildFolio Families App

Dear Families,

We are so excited to share this opportunity with you. Our Catalyst Kids program has started using ChildFolio as a way to support documentation of children's learning and experiences at the center. ChildFolio helps Catalyst Kids go green as we capture your child's interests and developing skills. In addition, they offer a service where we can send you updates that include pictures, audio, and video recordings of your child's time at Catalyst Kids. We will also be able to send you messages, information, reminders, and connections to our program.

Since we will be using ChildFolio-an outside service- to deliver this information, we need your permission to post and share. Please note that ChildFolio is compliant with the General Data Protection Regulation and is a secure service.
